Copy Save Profiles to Sandbox

Current

- Navigate to the "Mods" tab
- Play
- Check: "Import save profile"
- Launch with active mods

Legacy

Downloads

Download the DOOM Save Manager for your OS.

- **Windows**
- **Linux**

Instructions

- Unzip the contents
- Run "DOOM Save Manager.exe"
- Action -> Export Backup
- Select the top option -> OK
- Save "backup.zip"
- Unzip "backup.zip" into the located of your DOOMSandBox save data. Ex:

`C:\Users\PC NAME\Saved Games\id Software\DOOMSandBox\base\savegame.unencrypted\`

- Overwrite all existing data

> Be sure to keep backups of your original saves in case something goes wrong.

> If your saves didn't properly transfer, try selecting the 2nd option in the Export Backup menu.
